

The battle for our destiny is on!

Each of us has a book in Heaven written by God our Father. It is our Book of Destiny, sharing God's plans for our life. Everything written in this book is also written in our heart, becoming our desires. As long as we are unwilling or unable to do what is written, we will never be at peace. The enemy's strategy is to obscure the book's contents and neutralize our threat to him. The good news is that the Holy Spirit leads us into all truth, including the truth about our life.

A Destiny Unlocked is the story of Winfried (Winnie) Bauer, who was called by God early in life while growing up in a dysfunctional German family. He shares his life story with boldness, candor and humor. It is a journey from salvation to Bible school, through the world of religious traditions and finally to a deep awareness of the presence of God. Throughout, he chronicles his discovery of destiny, opening a new world for his life and ministry.

He seeks to encourage all those who are seeking to unlock their destiny. Laugh, cry, and be encouraged to step out of the boat and embrace the destiny created by your Father in Heaven.

Winfried Bauer is the founder and president of *OASIS Ministries International*, and *BAUER Consulting International*. After pastoring in Germany, He and his wife, Lydia, now reside in Arizona, USA, and live out their destiny by teaching and encouraging Christians and ministerial leaders worldwide. Their seminars entitled Healing and Restoration, and Understanding Your Destiny, have become a vital resource for many seeking to unlock their destiny and restore their lives.
